

Sleek Aluminium Extrusion Enclosure Electrical Box Waterproof Shockproof

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China,Guangdong
- Brand Name: No Brand
- Delivery Time: 15-20 Workdays

Product Specification

- Durability: High
- Design: Sleek
- Heat Resistance: Good
- Type: New Energy Product
- Shockproof: Yes
- Waterproof: Yes
- Maintenance: Low
- Installation: Easy
- Highlight: Shockproof aluminium extrusion enclosure,
Waterproof aluminium extrusion enclosure,
Waterproof aluminum electrical box

Product Description

Product Description:

The Aluminum Enclosure is designed to accommodate your battery needs, providing a secure and safe space for your battery to operate. The anodized feature of the Aluminum Enclosure ensures that it is resistant to corrosion, making it perfect for long-term use.

The Aluminum Enclosure is available in various customizable colors, ensuring that it suits your product's aesthetic needs. It is designed to endure harsh environments, making it a perfect fit for outdoor applications. This enclosure is ideal for your new energy product, whether it's a solar panel, wind turbine, or any other energy-producing device.

The Aluminum Enclosure is perfect for industrial, commercial, and residential applications. Its durability and shockproof feature make it ideal for use in harsh environments. It provides protection for your components and ensures that they remain secure and operational.

The Aluminum Enclosure is easy to install and maintain, ensuring that you do not incur additional costs. Its low maintenance feature ensures that you do not have to worry about regular upkeep. This enclosure is designed to provide long-term service, ensuring that you get value for your money.

Features:

Product Name: Aluminum Enclosure

Maintenance: Low

Size: Customizable (Square)

Compatibility: Universal (with Battery)

Design: Sleek (Anodized)

Durability: High

Technical Parameters:

Size	Customizable
Compatibility	Universal
Shockproof	Yes
Heat Resistance	Good
Material	Aluminum
Corrosion Resistance	Excellent
Installation	Easy
Maintenance	Low
Waterproof	Yes
Design	Sleek

Applications:

The Aluminum Enclosure is perfect for applications that require shockproof protection. The product has been designed with durability in mind and will protect your battery and other sensitive components from damage. The enclosure is made with high-quality materials and has been anodized to provide additional protection against wear and tear.

One of the key features of the Aluminum Enclosure is its heat resistance. It can withstand high temperatures, making it ideal for use in applications that generate a lot of heat. The enclosure can be easily installed to provide protection for your battery and other components, ensuring that they remain safe and secure.

The Aluminum Enclosure is perfect for a range of applications, including electronic devices, industrial control equipment, and medical equipment. It is also suitable for use in outdoor environments where protection from the elements is required.

Overall, the Aluminum Enclosure is a high-quality product that provides excellent protection for your battery and other sensitive components. It is durable, easy to install, and can withstand high temperatures. If you're looking for a reliable enclosure that can provide the protection you need, the Aluminum Enclosure is the perfect choice.

Customization:

Customize your Aluminum Enclosure with our product customization services! Our enclosure has a sleek design and is a new energy product, manufactured in Guangdong, China with high durability and good heat resistance. It is also shockproof, making it perfect for protecting your device.

We offer anodized finishes for added protection against wear and tear. You can also customize the enclosure to fit your battery and any other specific needs you may have.

Delivery time for our customized enclosures is 15-20 workdays. Trust our expertise to create the perfect enclosure for your needs.

Packing and Shipping:

Product Packaging:

1 Aluminum Enclosure

4 Mounting Screws

1 User Manual
