

Scratch Resistant Tape LED Aluminum Profile Wall Washer

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China,Guangdong
- Brand Name: No Brand

Product Specification

- Thickness: Customizable
- Heat Dissipation: Efficient
- Installation Type: Surface Mount
- Material: Aluminum
- Application: Lighting Industry
- Width: Customizable
- Durability: High
- Shape: Customizable
- Highlight: **Scratch Resistant LED Aluminum Profile, LED Aluminum Profile Wall Washer, Wall aluminium profiles for led tape**

Product Description

Product Description:

The LED Aluminum Profile is customizable in terms of thickness, allowing you to choose the perfect size to fit your strip light needs. This feature makes it ideal for use in various lighting applications, including the education led light industry. Aluminum is an excellent material for light fixtures as it is lightweight, corrosion-resistant, and has excellent thermal conductivity. These features make it perfect for use in strip light applications where efficient heat dissipation is critical. The LED Aluminum Profile is specifically designed to maximize thermal management, ensuring that your lights stay cool and perform at their best. Our LED Aluminum Profile is easy to install, making it ideal for both DIY projects and commercial installations. The sleek design adds a modern touch to any lighting fixture, making it perfect for use in a range of settings, from homes to offices and beyond. In summary, the LED Aluminum Profile is a high-quality, durable, and efficient product that is perfect for all your lighting industry needs. Whether you're looking to install strip lights in your home or need a reliable lighting solution for your business, this product is sure to impress. Choose from a variety of customizable thickness options and enjoy the benefits of efficient heat dissipation, long-lasting performance, and sleek design.

Features:

Product Name: LED Aluminum Profile
Thickness: Customizable
Durability: High
Surface Treatment: Anodized, Coating
Installation Type: Surface Mount
Color: Customized
Designed for Education LED Light and Strip Light
Made of Aluminum for added durability

Technical Parameters:

Corrosion Resistance	Yes
Application	Lighting Industry
Shape	Customizable
Installation Type	Surface Mount
Length	Customizable
Durability	High
Thickness	Customizable
Width	Customizable
Heat Dissipation	Efficient
Color	Customized

Applications:

Product Application Occasions

The LED Aluminum Profile is a popular choice for use in education settings. It is commonly used to create an education LED light system that provides a bright, efficient lighting solution for classrooms, libraries, and other learning spaces. The product's high durability makes it well-suited to the wear and tear of a busy educational environment.

Another common application for the LED Aluminum Profile is as a component in an LED wall washer system. The product's customizable shape and thickness make it easy to integrate into a wall washing system and its high durability ensures that it will withstand the elements over time.

Product Application Scenarios

The LED Aluminum Profile is a surface mount product that is easy to install in a variety of settings. It is commonly used in commercial and industrial settings where bright, efficient lighting is required. The product's customizable width, thickness, and shape make it easy to integrate into a wide range of architectural designs, making it a popular choice for lighting designers and architects.

In conclusion, the LED Aluminum Profile is a versatile product that is well-suited to a wide range of applications. Its high durability and customizable design make it a popular choice for education LED light systems, LED wall washers, and commercial lighting applications.

Customization:

Packing and Shipping:

Product Packaging:
LED Aluminum Profile
End caps (2 pcs)
Mounting clips (2 pcs)
Screws (4 pcs)
Shipping:
Shipping method: Standard
Estimated delivery time: 5-7 business days
Shipping cost: \$5.99
