

Anti Rust Aluminum Bookshelf Shelves Wall Mount Assembled

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand

Product Specification

- Material: Aluminum
- Tensile Strength: High
- Conductivity: Good
- Cost: Affordable
- Rust Resistance: Strong
- Application: Household Business
- Color: Customized
- Malleability: High
- Highlight: **Anti Rust aluminum bookshelf,
Assembled aluminum bookshelf,
Assembled aluminum shelves wall mount**

Product Description

Product Description:

One of the standout features of this product is its corrosion resistance. Unlike traditional wood shelving units, our Wood Aluminum Wall Shelving is not susceptible to rot or decay, making it a great choice for humid or damp environments. Plus, its sleek and modern design is sure to complement any decor style.

Another great aspect of this product is its affordability. Aluminum Shelving units can often be expensive, but we've worked hard to offer a high-quality option at an affordable price point. You won't have to sacrifice quality for cost with our Wood Aluminum Wall Shelving.

Assembly is simple and straightforward, with all hardware and instructions included. Once assembled, this unit can be easily mounted on any wall in your home or business. Its sturdy construction ensures that it will last for years to come, providing you with a durable and reliable storage solution.

Overall, if you're looking for a strong, durable, and corrosion-resistant shelving unit that won't break the bank, our Wood Aluminum Wall Shelving is an excellent choice. Its high tensile strength and strong stiffness make it perfect for holding heavy items, while its sleek design is sure to impress.

Features:

Product Name: Aluminum Shelving

Stiffness: Strong

Material: Aluminum

Rust Resistance: Strong

Cost: Affordable

Conductivity: Good

Introducing our Aluminum Wall Shelving! This sturdy and reliable shelving unit is made from high-quality aluminum, providing excellent stiffness and rust resistance. It is perfect for use in both home and office settings, and its affordable cost makes it an excellent choice for any budget. Additionally, the aluminum material provides good conductivity, making it an ideal choice for storing electronics or other items that require a conductive surface.

Applications:

Looking for a storage solution for your garage or workshop? Our aluminum wall shelving is perfect for holding heavy tools and equipment. Its high tensile strength allows it to bear the weight of heavy machinery while its rust resistance ensures its longevity even in a damp environment.

Are you a DIY enthusiast looking to declutter your workspace? This aluminum wall shelving can be customized to fit your needs. Its strong stiffness makes it easy to install and secure onto any wall surface. Plus, the option of wood-aluminum combination shelving adds a touch of elegance to your workspace.

Are you an interior designer looking for a sleek and modern shelving solution for your client's home or office? Our aluminum wall shelving is the perfect fit. The customized color options allow you to match it with any interior design theme while the strong stiffness ensures it can hold decorative items and books with ease.

Our aluminum wall shelving is proudly made in Guangdong, China, and its high-quality material and design make it suitable for various application occasions and scenarios. Whether you need a storage solution for your garage or a sleek decorative shelf for your home, our aluminum wall shelving is the answer.

Customization:

Packing and Shipping:

Product Packaging:

This aluminum shelving product will be packaged in a sturdy cardboard box to ensure that it is protected during shipping. The box will also include foam padding to prevent any scratches or damage to the product.

Shipping:

This product will be shipped via ground shipping using a reputable carrier. The estimated delivery time will depend on the destination, but typically ranges from 3-7 business days within the United States.
