

OEM Aluminum Extrusion Shelf Framing For Warehouse Storage

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand

Product Specification

- Corrosion Resistance: Strong
- Heat Resistance: High
- Color: Customized
- Rust Resistance: Strong
- Tensile Strength: High
- Material: Aluminum
- Malleability: High
- Application: Household Business
- Highlight: **OEM Aluminum Extrusion Shelf,
Warehouse Aluminum Extrusion Shelf,
Warehouse aluminum framing extrusion**

Product Description

Product Description:

Our Aluminum Shelving is designed to meet your storage needs with ease, providing ample space for storing and organizing your items. It offers high tensile strength, ensuring it can withstand a significant amount of weight without bending or breaking. So, you can keep your heavy items securely stored without worrying about the shelf's integrity.

One of the most significant benefits of using Aluminum Shelving is its excellent heat resistance. Aluminum is known for its ability to resist high temperatures, making it ideal for use in locations that experience high temperatures. The shelving unit will not warp or distort due to the heat, ensuring that your items remain safe and secure at all times.

Another significant advantage of Aluminum Shelving is its good conductivity properties, making it an excellent choice for storing temperature-sensitive products. The shelving unit will help regulate the temperature, ensuring your items remain in the best condition.

Our Aluminum Shelving is also known for its strong rust resistance. This makes it an excellent choice for use in areas with high humidity levels or exposure to water. The shelving unit will not rust or corrode, ensuring that your items remain safe and secure at all times.

Our Wood Aluminum Shelving is the perfect solution for all your storage needs. It is durable, versatile, and easy to install, making it an excellent investment for any space. Whether you need it for your home, office, or warehouse, our Aluminum Shelving will meet your storage needs with ease.

Features:

Product Name: Aluminum Shelving

Material: Aluminum

Durability: High

Heat Resistance: High

Corrosion Resistance: Strong

Conductivity: Good

Technical Parameters:

Product	Aluminum Office Shelving
Material	Aluminum
Cost	Affordable
Rust Resistance	Strong
Malleability	High
Color	Customized
Corrosion Resistance	Strong
Tensile Strength	High
Stiffness	Strong
Durability	High
Conductivity	Good

Applications:

The sleek design of this Aluminum Shelving product makes it a perfect addition to any space. It can be used for a variety of purposes, making it a versatile product for different application occasions and scenarios. Below are some of the uses of this product:

Home Use

Our Aluminum Wall Shelving can be used in various parts of the house, including the kitchen, living room, and bedroom. It can be used to store kitchen utensils, books, decorative items, and other household items. Its sleek design adds an aesthetic appeal to the room while providing ample storage space.

Office Use

This Aluminum Shelving is also perfect for office use. It can be used to store files, books, and office supplies. Its durability and high tensile strength make it perfect for storing heavy items such as printers and scanners. The sleek design adds a professional touch to the office while providing ample storage space.

Retail Use

Retail stores can also benefit from this Aluminum Wall Shelving product. Its sleek design makes it perfect for displaying items such as books, clothing, and other retail items. Its high durability ensures that it can withstand the wear and tear of daily use in a retail environment.

Outdoor Use

This Aluminum Shelving product can also be used for outdoor purposes. It can be used in the garage to store tools and other items. Its strong rust resistance feature ensures that it can withstand harsh weather conditions and exposure to moisture.

Overall, our No Brand Aluminum Wall Shelving product is a versatile product that can be used in different application occasions and scenarios. Its high durability, tensile strength, and strong rust resistance make it perfect for indoor and outdoor use. Its sleek design adds

an aesthetic appeal to any space while providing ample storage space.

Customization:

Brand Name: No Brand
Place of Origin: China, Guangdong
Tensile Strength: High
Conductivity: Good
