

Customized Aluminium Shelving Unit Profile 2020 Extrusion Frame

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand

Product Specification

- Application: Household Business
- Stiffness: Strong
- Color: Customized
- Tensile Strength: High
- Rust Resistance: Strong
- Cost: Affordable
- Material: Aluminum
- Durability: High
- Highlight: aluminium shelving unit Profile,
2020 aluminium shelving unit,
Customized aluminium profile 2020 extrusion
frame

Product Description

Product Description:

Our Aluminum Wall Shelving is designed to be both functional and aesthetically pleasing, making it the perfect addition to any space. The sleek finish of the aluminum adds a modern touch to any room, while the strength and durability of the material ensure that your items are securely stored.

In addition to being strong and durable, aluminum is also an excellent conductor of heat and electricity, making it a great choice for storing electronics or other sensitive items. The conductivity of our Aluminum Shelving ensures that your items are protected from potential damages caused by static electricity or heat buildup.

Our Aluminum Shelving is also highly malleable, meaning that it can be easily shaped and formed to fit your specific storage needs.

Whether you need a shelving unit that fits into a tight space or one that can accommodate larger items, our Aluminum Shelving can be customized to meet your needs.

Our Wood Aluminum Shelving combines the durability and strength of aluminum with the natural beauty of wood. The wood accents add a warm and inviting touch to any space, while the aluminum provides the necessary strength and durability to keep your items safe and secure.

Overall, our Aluminum Shelving is the perfect choice for anyone looking for a sturdy and aesthetically pleasing storage solution. With its high durability, malleability, conductivity, and tensile strength, our Aluminum Shelving is sure to meet all of your storage needs.

Features:

Product Name: Aluminum Shelving

Heat Resistance: High

Malleability: High

Durability: High

Aesthetics: Sleek

Rust Resistance: Strong

Wood Aluminum

Aluminum Office Shelving

Aluminum Wall Shelving

Technical Parameters:

Material	Aluminum
Aesthetics	Sleek
Color	Customized
Application	Household,Business
Malleability	High
Conductivity	Good
Durability	High
Stiffness	Strong
Corrosion Resistance	Strong
Rust Resistance	Strong

Applications:

One of the most common applications for our Aluminum Shelving is in households. The product is perfect for organizing and storing items in garages, kitchens, and bedrooms. Its high malleability allows it to be easily adjusted to fit any space, while its strong stiffness ensures it can hold heavy items without bending or breaking. The shelving unit is also easy to install on walls, making it an excellent choice for those who want to maximize their storage space.

Another great application for our Aluminum Shelving is in the business setting. The product is ideal for offices, laboratories, and other workspaces where storage is essential. It can be used to store files, equipment, and other items, keeping the workspace organized and clutter-free. Its strong rust resistance also makes it a great choice for storage in humid or damp environments.

Our Aluminum Wall Shelving is a great choice for those who want to maximize their vertical storage space. It can be used to store books, decorations, and other items, making it a great addition to any room. Its sleek design also adds a touch of modernity to any space.

Overall, our No Brand Aluminum Shelving is a reliable and versatile storage solution for both households and businesses. Its high-quality construction and flexibility make it an excellent investment for anyone looking to organize their space and keep it that way.

Customization:

Packing and Shipping:

Product Packaging:

The aluminum shelving will be packed in a sturdy cardboard box.

All parts and hardware will be securely wrapped and labeled.

The box will be sealed with packing tape for added protection during shipping.

Shipping:

The aluminum shelving will be shipped via ground shipping.

Shipping times may vary depending on the destination, but typically take between 3-7 business days.

Tracking information will be provided once the product has been shipped.
