Product Name: LED Aluminum Profile

Thickness: Customizable

Heat Dissipation: Efficient

Application: Lighting Industry

Durability: High

Shape: Customizable

Perfect for strip light installation

Great for education LED light projects

Technical Parameters:

Length	Customizable
Heat Dissipation	Efficient
Application	Lighting Industry
Installation Type	Surface Mount
Width	Customizable
Shape	Customizable
Material	Aluminum
Surface Treatment	Anodized, Coating
Thickness	Customizable
Durability	High

Applications:

The LED Aluminum Profile is ideal for a range of applications. One of the most popular uses for this product is as a LED wall washer. It is perfect for illuminating walls or other surfaces with its powerful LED lights. The product is available in a range of colors, which can be customized to suit any setting or decor. The result is a well-lit space that is both functional and visually appealing.

The LED Aluminum Profile is also ideal for use in commercial settings. It can be used in retail stores, restaurants, and other businesses to create a warm and inviting atmosphere. The product's efficient heat dissipation ensures that it will not overheat, even with extended use.

This makes it a safe and reliable choice for any business that values safety and quality.

Another application for the LED Aluminum Profile is in residential settings. It can be used to create a modern and stylish ambiance in homes, apartments, and other living spaces. The product's customizable width makes it easy to fit into any space, regardless of size or shape. It is also easy to install, which means homeowners can enjoy the benefits of this product without needing to hire a professional.

In summary, the LED Aluminum Profile is a versatile product that can be used in a range of settings. Its high-quality aluminum construction, customizable width, and efficient heat dissipation make it a reliable and safe choice for both commercial and residential applications. Whether it's used as a LED wall washer or for general illumination, this product is sure to enhance any space.

Customization:

Packing :
