

## Customized Length Solar Panel Frame Alu Profile For Optimal Performance

Our Product Introduction

for more products please visit us on [alu-heatsink.com](http://alu-heatsink.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Golden Chain
- Minimum Order Quantity: 300kilogram
- Delivery Time: 15-30days
- Payment Terms: L/C, T/T

### Product Specification

- Feature: Lightweight And Durable
- Thickness: Customized
- Width: Customized
- Oem/Odm: Available
- Material: Aluminum
- Shape: Customized
- Color: Black
- Surface Treatment: Anodized
- Highlight: **Alu Profile Solar Panel Frame, Custom Thickness Solar Panel Aluminium Profile**

## Product Description

### Product Description:

Made from durable aluminum material, this frame is both lightweight and sturdy, providing the perfect support for your solar photovoltaic panels. The aluminum material ensures longevity and resistance to corrosion, making it an ideal choice for outdoor use in various weather conditions.

The Solar Photovoltaic Panels Frame Alu Profile is customizable in length, allowing you to tailor it to fit your specific solar panel setup. Whether you have a small residential system or a large commercial array, this frame can be customized to meet your needs, ensuring a perfect fit and seamless integration.

One of the standout features of this frame is its power coating, which not only adds to its visual appeal but also provides an extra layer of protection against the elements. The power coating helps to prevent scratches, corrosion, and fading, keeping your frame looking great and performing optimally for years to come.

When it comes to solar energy systems, having a reliable and durable frame is crucial for the overall performance and longevity of your panels. The Solar Photovoltaic Panels Frame Alu Profile offers the perfect combination of lightweight design and robust construction, ensuring that your solar panels are securely mounted and well-supported.

Whether you are setting up a residential solar energy system or a large-scale commercial installation, this aluminum frame is a versatile and dependable choice. Its black color adds a sleek and modern touch to your solar setup, while its durable aluminum material and power coating provide the strength and protection needed for outdoor use.

In conclusion, the Solar Photovoltaic Panels Frame Alu Profile is an excellent choice for anyone looking to enhance the performance and durability of their solar energy system. With its lightweight design, customizable length, black color, aluminum material, and power coating, this frame offers the perfect combination of style and functionality for your solar panel installation.

### Features:

Product Name: Solar Photovoltaic Panels Frame Alu Profile

Width: Customized

Oem/Odm: Available

Color: Black

Shape: Customized

Length: Customized

### Technical Parameters:

Color	Black
Feature	Lightweight And Durable
Oem/Odm	Available
Application	Solar Energy System
Shape	Customized
Material	Aluminum
Width	Customized
Usage	Solar Panel Frame
Surface Treatment	Anodized
Thickness	Customized

### Applications:

The Solar Photovoltaic Panels Frame Alu Profile by Golden Chain is a high-quality product designed for a wide range of applications in the renewable energy industry. Originating from Guangdong, China, this aluminum profile frame is specifically crafted to provide support and durability to solar photovoltaic panels.

The sleek black color of the frame adds a modern touch to any solar panel installation, making it suitable for both residential and commercial settings. With customizable thickness and width options, the Golden Chain frame can be tailored to fit various panel sizes and installation requirements.

One of the standout features of this product is its power coating, which not only enhances its aesthetic appeal but also provides an extra layer of protection against environmental elements. Whether installed on rooftops, ground mounts, or solar farms, the Golden Chain frame ensures long-lasting performance and structural integrity.

Thanks to its OEM/ODM availability, this aluminum profile frame can be customized to meet specific project needs and branding requirements. The versatility of the Golden Chain frame makes it ideal for a wide range of product application occasions and scenarios.

Whether you are looking to set up a small-scale residential solar power system or a large commercial solar project, the Solar Photovoltaic Panels Frame Alu Profile by Golden Chain is a reliable and efficient choice. Trust in the quality and durability of this product to support your photovoltaic panels and maximize the efficiency of your solar energy setup.

Customization:

Product Customization.Services for.the Aluminium Photovoltaic Mounting System Solar Photovoltaic Panels.Frame.Alu Profile:-----  
**Brand Name:** Golden Chain  
**Place of Origin:** Guangdong, China  
**Usage:** Solar Panel Frame  
**Width:** Customized  
**Feature:** Lightweight And Durable  
**Length:** Customized  
**OEM/ODM:** Available

Packing and Shipping:

**Product Packaging:**-----  
The Solar Photovoltaic Panels Frame Alu Profile is carefully packaged in a sturdy cardboard box to ensure safe transportation. Each profile is individually wrapped in protective material to prevent scratches and damage during shipping.  
**Shipping Information:**  
Shipping for this product is handled by our trusted carriers to guarantee prompt and secure delivery to your specified address. We strive to ship out orders as quickly as possible to minimize any wait time for our customers. You will receive a tracking number once your order has been dispatched so you can monitor the status of your delivery.
