

Customized Length Aluminium Photovoltaic Mounting System For Solar Energy System Needs

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Golden Chain
- Minimum Order Quantity: 300 Kilogram
- Packaging Details: protect film
- Delivery Time: 15-30 days
- Payment Terms: L/C, T/T

Product Specification

- Shape: Customized
- Width: Customized
- Application: Solar Energy System
- Material: Aluminum
- Feature: Lightweight And Durable
- Surface Treatment: Anodized. Power Coating
- Thickness: Customized
- Usage: Solar Panel Frame
- Highlight: **Customized Length Aluminium Photovoltaic Mounting System**

Product Description

Product Description:

With a customized thickness and shape, our Solar Panel Aluminium Profile is versatile and can be tailored to fit your specific project requirements. Whether you are setting up a residential solar energy system or a large-scale commercial installation, this profile can be customized to meet your needs with precision and efficiency.

The surface treatment of our Aluminium Profile includes both Anodized and Power Coating finishes, ensuring not only a sleek and modern appearance but also enhanced protection against environmental elements. This dual treatment provides superior resistance to corrosion, UV damage, and wear, ensuring that your solar panel mounting system remains reliable and long-lasting even in the harshest conditions.

Designed for use in Solar Energy Systems, our Aluminium Profile is ideal for applications that require a sturdy and reliable mounting solution for solar panels. The profile is compatible with various types of solar panels, making it a versatile choice for both residential and commercial solar installations.

Whether you are looking to set up a rooftop solar array, ground-mounted solar panels, or a solar carport, our Solar Panel Aluminium Profile offers the flexibility and strength needed to support your solar panels securely and efficiently. The customizable shape of the profile allows for easy integration with different mounting systems, ensuring a seamless and professional installation process.

Investing in our Aluminium Photovoltaic Mounting System is a smart choice for ensuring the success and longevity of your solar energy project. The high-quality Aluminum material used in the profile construction provides excellent structural integrity and resistance to environmental factors, making it a reliable and durable solution for your solar panel mounting needs.

With its sleek design, superior surface treatment, and customizable features, our Solar Panel Aluminium Profile is the perfect choice for anyone looking to optimize the performance and longevity of their solar energy system. Trust in our product to deliver exceptional results and provide a solid foundation for your solar panel installation.

Features:

Product Name: Solar Panel Aluminium Profile

Width: Customized

Color: Black

Application: Solar Energy System

Usage: Solar Panel Frame

Oem/Odm: Available

Technical Parameters:

Shape	Customized
Thickness	Customized
Usage	Solar Panel Frame
Surface Treatment	Anodized, Power Coating
Color	Black
Material	Aluminum
Feature	Lightweight And Durable
Oem/Odm	Available
Length	Customized
Application	Solar Energy System

Applications:

Product Application Occasions and Scenarios for the Solar Panel Aluminium Profile:

Brand Name: Golden Chain

Place of Origin: Guangdong, China

Minimum Order Quantity: 300 Kilogram

Packaging Details: Protect film

Delivery Time: 15-30 days

Payment Terms: L/C, T/T

Surface Treatment: Anodized, Power Coating

Feature: Lightweight And Durable

OEM/ODM: Available

Thickness: Customized

Application: Solar Energy System

Customization:

Product Customization Services for the Solar Panel Aluminium Profile:

Brand Name: Golden Chain
Place of Origin: Guangdong, China
Minimum Order Quantity: 300 Kilogram
Packaging Details: Protect film
Delivery Time: 15-30 days
Payment Terms: L/C, T/T
Usage: Solar Panel Frame
Shape: Customized
Length: Customized
Feature: Lightweight And Durable
Application: Solar Energy System

Packing and Shipping:

Product Packaging:

The Solar Photovoltaic Panels Frame Alu Profile is carefully packaged to ensure safe delivery.

Shipping:

Ocean, Air, Express
