

Corrosion Resistance 6063 Aluminum Profile With Anodized Customizable Process For Products

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China,Guangdong
- Brand Name: No Brand
- Minimum Order Quantity: 300Kilogram
- Packaging Details: Carton
- Delivery Time: 15-30days
- Payment Terms: L/C, T/T

Product Specification

- Heat Dissipation: Efficient
- Durability: High
- Material: Aluminum 6063
- Shape: Customized
- Corrosion Resistance: Yes
- Surface Treatment: Customized
- Installation Type: Surface Mount
- Color: Customized
- Highlight: Customizable Process 6063 Aluminum Profile, Corrosion Resistance 6063 Aluminum Profile, Anodized 6063 Aluminum Profile

Product Description

Product Description:

The LED Aluminum Profile is a versatile and efficient product designed for the lighting industry. With its excellent heat dissipation capabilities, this profile ensures that LED wall washer lights operate at optimal temperatures, maximizing their lifespan and performance. The shape of the LED Aluminum Profile can be customized to fit specific lighting design requirements. This flexibility allows for seamless integration into various lighting setups, providing a sleek and professional finish.

One of the key applications of the LED Aluminum Profile is in education LED light installations. These profiles are ideal for creating well-lit and conducive learning environments, enhancing concentration and productivity for students and teachers alike.

Furthermore, the length and thickness of the LED Aluminum Profile are customizable, offering adaptability to different project needs. Whether you require a long continuous profile or a shorter segment, this product can be tailored to suit your specifications.

In summary, the LED Aluminum Profile is a high-quality solution for the lighting industry, offering efficient heat dissipation, customizable shape, and suitability for education LED light installations. With its versatility and performance benefits, this product is a valuable addition to any lighting project.

Features:

Product Name: LED Aluminum Profile

Length: Customizable

Width: Customizable

Thickness: Customizable

Installation Type: Surface Mount

Heat Dissipation: Efficient

Technical Parameters:

Durability	High
Thickness	Customizable
Length	Customizable
Corrosion Resistance	Yes
Shape	Customized
Application	Lighting Industry
Surface Treatment	Customized
Material	Aluminum 6063
Width	Customizable
Heat Dissipation	Efficient

Applications:

LED Aluminum Profile is a versatile product that can be used in various applications and scenarios due to its high durability, efficient heat dissipation, and excellent corrosion resistance. Whether you are in need of lighting solutions for education LED lights, LED wall washers, or any other project, this product is the perfect choice.

With its customizable width and ability to be customized in any color, the LED Aluminum Profile from the No Brand in China, Guangdong, is suitable for a wide range of product application occasions. Whether you are looking to create a sleek lighting design for educational institutions, enhance the ambiance of a space with LED wall washers, or any other lighting project, this product can meet your needs.

The LED Aluminum Profile has a minimum order quantity of 300 kilograms and comes packaged in cartons for easy transportation and storage. With a delivery time of 15-30 days, you can rest assured that your orders will be fulfilled in a timely manner. In terms of payment, options such as L/C and T/T are accepted, providing flexibility for your purchasing needs.

Thanks to its high durability, the LED Aluminum Profile is built to last, making it a cost-effective choice for long-term lighting solutions.

Additionally, its efficient heat dissipation ensures that the LEDs stay cool, extending their lifespan and maintaining optimal performance.

Furthermore, the LED Aluminum Profile is corrosion-resistant, making it suitable for both indoor and outdoor applications where exposure to harsh elements may be a concern. Its versatility and reliability make it a popular choice for various lighting projects across different industries.

Customization:

Product Customization Services for LED Aluminum Profile:

Brand Name: No Brand

Place of Origin: China, Guangdong

Minimum Order Quantity: 300 Kilogram

Packaging Details: Carton

Delivery Time: 15-30 days

Payment Terms: L/C, T/T
Color: Customized
Shape: Customized
Length: Customizable
Durability: High
Width: Customizable

Packing and Shipping:

Product Packaging:

The LED Aluminum Profile is carefully packaged in a sturdy cardboard box to ensure safe transportation.

Shipping:

Ocean, Air, Express
