

Aluminum 6063 Material and Heat Dissipation LED Aluminum Profile for Versatile Applications

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China,Guangdong
- Brand Name: No Brand
- Minimum Order Quantity: 300Kilogram
- Packaging Details: Carton
- Delivery Time: 15-30days
- Payment Terms: L/C, T/T

Product Specification

- Width: Customizable
- Material: Aluminum 6063
- Durability: High
- Shape: Customized
- Heat Dissipation: Efficient
- Thickness: Customizable
- Surface Treatment: Customized
- Installation Type: Surface Mount
- Highlight: **Heat Dissipation LED Aluminum Profile,
6063 Material LED Aluminum Profile,
Versatile Applications LED Aluminum Profile**

Product Description

Product Description:

The LED Aluminum Profile is a versatile and durable product designed to enhance the performance and aesthetics of strip lights, LED wall washers, and other lighting applications. Crafted from high-quality Aluminum 6063 material, this profile offers exceptional corrosion resistance, making it suitable for both indoor and outdoor use.

One of the key features of the LED Aluminum Profile is its customizable surface treatment, allowing you to achieve the desired finish for your specific project. Whether you prefer a sleek and modern look or a more textured appearance, the surface treatment can be tailored to meet your requirements.

When it comes to color options, the LED Aluminum Profile provides a customized solution to complement your lighting design. Whether you want to match the profile to the surrounding decor or create a contrasting effect, the color can be personalized to suit your preferences.

With a customizable length, this profile offers flexibility in installation, allowing you to create seamless lighting setups that fit perfectly within your space. Whether you need a standard length or a custom size, the LED Aluminum Profile can be tailored to meet your specific project requirements.

Utilizing the LED Aluminum Profile not only enhances the visual appeal of your lighting fixtures but also ensures long-lasting durability and performance. The aluminum construction provides excellent heat dissipation, helping to prolong the lifespan of the LED strip lights and maintain optimal performance.

Whether you are looking to illuminate a residential space, commercial building, or outdoor environment, the LED Aluminum Profile offers a reliable and stylish solution to showcase your strip lights and LED wall washers. Its corrosion resistance, customizable features, and durable construction make it a versatile choice for various lighting applications.

Features:

Product Name: LED Aluminum Profile

Thickness: Customizable

Corrosion Resistance: Yes

Heat Dissipation: Efficient

Length: Customizable

Width: Customizable

Technical Parameters:

Durability	High
Surface Treatment	Customized
Shape	Customized
Thickness	Customizable
Length	Customizable
Color	Customized
Heat Dissipation	Efficient
Application	Lighting Industry
Width	Customizable
Installation Type	Surface Mount

Applications:

These LED Aluminum Profiles are commonly used in education led light applications, offering a reliable and energy-efficient solution for lighting needs in educational settings. The versatility of the product makes it suitable for a wide range of scenarios, from classrooms to libraries, where quality lighting is essential for promoting a conducive learning environment.

The minimum order quantity for these profiles is 300 kilograms, and they are packaged in cartons for convenient transportation and storage. Customers can expect a delivery time of 15-30 days, with payment terms including L/C and T/T for flexibility and convenience. Whether illuminating lecture halls, study areas, or laboratories, the LED Aluminum Profiles deliver consistent performance and aesthetic appeal. Their high durability ensures minimal maintenance requirements, making them a cost-effective lighting solution for educational institutions.

Customization:

Product Customization Services for the LED Aluminum Profile:

Brand Name: No Brand

Place of Origin: China, Guangdong

Minimum Order Quantity: 300 Kilogram

Packaging Details: Carton

Delivery Time: 15-30 days
Payment Terms: L/C, T/T
Color: Customized
Material: Aluminum 6063
Corrosion Resistance: Yes
Durability: High
Width: Customizable

Packing and Shipping:

Product Packaging:
The LED Aluminum Profile is carefully packaged in a sturdy cardboard box to ensure safe transportation.
Shipping:
Ocean, Air, Express
