

Strong Rust Resistance and Sleek Aesthetics Aluminum Extrusion Shelf with Strong Stiffness

Our Product Introduction

for more products please visit us on alu-heatsink.com

Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand
- Minimum Order Quantity: 300Kilogram
- Packaging Details: protect film
- Delivery Time: 15-30days
- Payment Terms: L/C, T/T

Product Specification

- Heat Resistance: High
- Conductivity: Good
- Malleability: High
- Stiffness: Strong
- Color: Anodized, Power Coating
- Rust Resistance: Strong
- Application: Household Business
- Tensile Strength: High

Product Description

Product Description:

Introducing our innovative Aluminum Extrusion Shelf, the perfect solution for organizing and displaying items in your office or workspace. This versatile shelving unit combines the strength and durability of aluminum with a sleek and modern design, making it a stylish and functional addition to any environment.

One of the key features of our Aluminum Extrusion Shelf is its high malleability. This attribute allows the aluminum to be easily shaped and formed into various designs, making it a versatile material for creating customized shelving solutions. Whether you need a simple straight shelf or a more intricate design, the malleability of aluminum ensures that our shelves can be tailored to meet your specific requirements.

In addition to its malleability, our Aluminum Extrusion Shelf boasts strong corrosion resistance. This means that the shelf is highly resistant to rust and deterioration, making it ideal for long-term use in both indoor and outdoor settings. The corrosion resistance of aluminum ensures that your shelving unit will maintain its sleek appearance and structural integrity, even in challenging environments. Not only is our Aluminum Extrusion Shelf durable and resistant to corrosion, but it also offers a high tensile strength. This means that the shelf can support heavy loads without bending or warping, providing you with a reliable storage solution for your office supplies, books, decor, and more. The high tensile strength of aluminum ensures that our shelving unit is sturdy and dependable, giving you peace of mind knowing that your belongings are securely stored.

Furthermore, our Aluminum Extrusion Shelf exhibits high heat resistance, making it a practical choice for environments where temperature fluctuations may occur. Whether placed near a heat source or in a sunlit room, the shelf can withstand elevated temperatures without compromising its structural integrity or appearance. The heat resistance of aluminum ensures that our shelving unit remains in top condition, even under challenging conditions.

With its combination of high malleability, strong corrosion resistance, sleek aesthetics, high tensile strength, and heat resistance, our Aluminum Extrusion Shelf is the perfect choice for creating a modern and functional storage solution in your office or workspace. Whether you need to organize files, display decorative items, or store office supplies, this shelving unit offers versatility and durability to meet your needs.

Upgrade your office space with our Wood Aluminum Office Shelving, designed to enhance the efficiency and aesthetics of your workspace. Crafted from high-quality aluminum and wood materials, this shelving unit offers a perfect blend of durability, elegance, and functionality.

Experience the durability and versatility of our Aluminum Office Shelving, a premium storage solution for modern work environments. With its sleek design, high malleability, strong corrosion resistance, high tensile strength, and heat resistance, this shelving unit is a reliable and stylish addition to any office or workspace.

Features:

Product Name: Aluminum Extrusion Shelf

Conductivity: Good

Application: Household, Business

Stiffness: Strong

Rust Resistance: Strong

Corrosion Resistance: Strong

Technical Parameters:

Cost	Affordable
Malleability	High
Conductivity	Good
Color	Anodized,Power Coating
Material	Aluminum
Durability	High
Stiffness	Strong
Rust Resistance	Strong
Aesthetics	Sleek
Application	Household,Business

Applications:

Product Application Occasions and Scenarios for the Aluminum Extrusion Shelf product:

The Aluminum Extrusion Shelf, manufactured in China, Guangdong, is a versatile and durable product suitable for a wide range of applications. With its high heat resistance and tensile strength, this shelf is ideal for use in various settings.

Whether you are looking to display products in a retail environment, organize items in a warehouse, or enhance storage solutions in a residential space, the Aluminum Extrusion Shelf is a reliable choice. Its affordability and good conductivity make it a cost-effective and practical option for businesses and individuals alike.

One of the key advantages of this shelf is its Wood Aluminum construction, combining the natural aesthetic of wood with the strength and

reliability of aluminum. This unique combination allows for a stylish yet sturdy shelving solution that can complement various decor styles. With a minimum order quantity of 300 kilograms and packaging details including protective film, the Aluminum Extrusion Shelf is designed for convenience and efficiency. The delivery time of 15-30 days ensures timely fulfillment of orders, while payment terms such as L/C and T/T offer flexibility for customers. Available in anodized or power coating finishes, this shelf can be customized to suit different color preferences and design requirements. Whether you are looking for a sleek silver finish or a vibrant color option, the Aluminum Extrusion Shelf provides versatility in both appearance and functionality.
